Thanks so much Andrew. Karen and I will look over your revisions and let you know if you know if we think we need to get together and discuss any of the changes. If we have small concerns or questions, we will probably just deal with these over email. Looks like you've earned a break from BaP...for now!

Subject: Re: B[a]P revisions

Hi Kathleen,

I have finished reviewing my hazard edits, and only made a few editorial revisions. These are included as green highlights on top of my previous edits sent last Thursday (see in the attached, highlighted changes in the Preface; Exec Summary; DevTox Hazard text, table, and MOA; adult Ntox; and WOE summary). The only substantial addition is a paragraph in the MOA section that I had accidentally deleted at some point. I did not make any additional edits to the dose-response section or appendix 3-pager, as I know that Karen is actively working there.

I am assuming that I am done with this for now... at least until you, others, or the ERC want to discuss these changes.

Thanks,

Andrew

Hi Kathleen,

Here are my compiled B[a]P revisions.

Ex. 5 Deliberative Process (DP)

e-

I will need to read through and check my hazard edits on Monday (I was planning to have that done, but I got sidetracked by dose-response).

Ex. 5 Deliberative Process (DP)

I'm sure you will want to meet and chat about these at some point, so please let me know when. If I have additional edits from my read-through on Monday, I will send them then, but please don't wait for additional edits to move forward as the "meat" is all here.

Good luck with the rest of the document!

-Andrew
